Kativik Ilisarniliriniq gives high priority to providing a learning environment that is safe, harmonious and sensitive to the needs and well-being of all students and staff of its schools. The suspension and expulsion of students are measures intended to modify unacceptable behaviour. As a general rule, these measures should be imposed along a gradual scale of punishment, suspension and expulsion being the most severe measures at the top of this progression.

1. PREMISES

1.1 [purpose](#) This directive is to set the rules pertaining to the proper actions to be taken in the case of suspension or expulsion of a student in the regular sector.

1.2 [definitions](#) In this directive, the following expressions mean :

- b) **expulsion:** is the exclusion of the student from school for an indefinite period;
- c) **isolation:** means that the student is removed from the classroom for a short period of time but remains in the school under proper supervision;

2. GENERAL PRINCIPLES

- 2.2 [internal code of conduct](#) The school Principal in collaboration with the School Council and the Education Committee will develop guidelines for student conduct on school property, which constitute the school's Code of Conduct. - 2.3 [discipline preceding suspension or expulsion](#) As a general rule no student shall be suspended or expelled unless other forms of corrective action to modify his conduct have previously been imposed upon the student as a consequence of misconduct of the same nature. The Principal has to keep a file documenting the actions taken.
- [exception](#) However, a student may be immediately suspended in exceptional situations, other than absenteeism, when such misconduct is of frequent occurrence or is serious in nature or disruptive to the operation of the school (see section 5.1 below).
- 2.4 [tentative list of offences leading to suspension and expulsion](#) The following is a tentative list of offences that could lead to suspension or expulsion of a student when he has:
- a) threatened, attempted or caused physical injury to another person;

3. SUSPENSION

- 3.1 [suspension for the remaining of the day](#) The School Principal may suspend a student from school for the rest of the day and up to 5 days for violations of school rules.
- 3.2 [suspension of more than 5 days](#) The School Principal may suspend a student for more than five days but for a fixed period of time for misconduct when the misconduct is harmful to the welfare of the classroom. The school administration may suspend, for an indefinite period in excess of five days, any student whose misbehavior interferes with the wellbeing of the class, or is serious enough to warrant suspension for more than five days.
- [consultation with school operations](#) In such a situation, the school Principal shall consult the department of School Operations and the Education Committee before a decision is made.
- 3.3 [isolation](#) A suspended student should be put in isolation and remain within the school. Under no circumstances should the school Principal ask a student to leave the school before the regular dayclass ends without prior notification to the parent or guardian.
- 3.4 [notification to the parents](#) In any suspension, the School Principal shall contact the student's parent or guardian as soon as possible to inform them of the reason for such suspension.
- 3.5 [notification to the education committee](#) In the case of any suspension of more than one day, the School Principal shall always advise the Education Committee as soon as possible.
- 3.6 [student's restrictions](#) Suspension means that the student is not allowed to :
- a) attend school;
 - b) be on the school grounds or in the building, unless he has been put in isolation;
 - c) participate in any school activities.

- f) the Executive Committee shall make a decision as soon as possible on the Education Committee's resolution recommending the expulsion;

5.1 [immediate action required](#) A student who poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process of the school shall be immediately removed from the school or put in a place within the school determined by the School Principal to be sufficiently secure to permit the academic process of the school to continue.

5.2 [impossibility to notify the parents](#) If the parent or guardian of the student cannot be located to be notified of the suspension, the student will be put in isolation in the school for the remainder of the school day. Under no circumstances should the school Principal ask a student to leave the school before the regular day class ends without prior notification to the parent or guardian.
